

AMENDED IN ASSEMBLY MARCH 16, 2010

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 1605

Introduced by Assembly Member Coto

January 6, 2010

An act to add *and repeal* Section 17303.5~~to~~ of the Education Code, relating to school facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 1605, as amended, Coto. School facilities: plan review.

Existing law requires the Department of General Services to supervise the design and construction of school buildings to ensure that plans and specifications comply with various structural safety standards, as specified. Existing law requires a local educational agency to submit a plan for the construction, and in specified cases, the alteration, of any school building prior to adopting the plan. An applicant is required to pay a filing fee to the department based on the estimated cost of the work, in accordance with a specified schedule, and is required to make an election to either use the department to review the plan or request that the plan review be performed by a qualified plan review firm, as specified. If the department is elected, the department is required to take specified actions to expedite the review of the applicant's plan, including, among other things, employing additional staff on a temporary basis.

This bill would authorize a local educational agency to agree to pay an additional fee to the department for the department's cost to employ additional staff to expedite its review of that local educational agency's plan. The bill would exempt employees funded by those fees from

furloughs implemented by any state agency, board, or commission. *The bill would repeal those provisions on January 1, 2017.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
